This April, I'll be running the **2026 Boston Marathon®** in support of **Rebekah's Angels Foundation**, founded by 2013 Boston Marathon bombing survivor Rebekah Gregory.

Rebekah's Angels breaks down the financial and emotional barriers that prevent families from getting the trauma care they deserve.

They fund therapy and trauma relief grants, while also leading community-driven mental health missions that bring encouragement, resilience, and hope. Every family served is met with compassion, individualized support, and the resources to rebuild with strength and purpose.
